

SOUTH GLOUCESTERSHIRE MINES RESEARCH GROUP

MEMBERSHIP APPLICATION

Our group exists to explore, research investigate and help to preserve the remaining mining heritage of South Gloucestershire. If you share that interest, and would like to become more involved in our many events and activities why not join the SGMRG. Membership benefits include a quarterly newsletter, free admittance to official events, walks, talks, etc

Please fill out the form below and post it to our Treasurer as noted below.

Please either

- include a cheque for the membership fee, currently £15 per year or
- fill in a standing order form or
- instruct your bank on-line to pay the subscription via a standing order.

If you are joining after 1 July, only half the annual subscription is payable until the end of that year; this will entitle you to two newsletters in that half-year.

Send the details requested below to the Treasurer even if you are instructing your bank to pay by standing order.

Please print these details clearly
