PUCKLECHURCH COLLIERIES guided walk

Saturday 26th October 2024 at 10:15am

A guided walk led by our Chairman, **Steve Grudgings**.
Meet at 10:15am at the parking area at northern end of Parkfield Rank, BS16 9NR for a prompt 10:30am start.

Weather and time permitting taking a circular route we will look at the sites of the 1760s pumping engines at Engine Bottom, the Shortwood Colliery sites and possibly the Tile Works Quarry. We hope to stop for a tour of AIBT's work at Brandy Bottom, then past site of Parkfield Colliery before returning via the railway incline to Cooks Pit (at the end of Parkfield Rank).

This is likely to last around 4 hours. Bring packed lunch, suitable clothing and walking shoes / boots. Note there are no formal toilet facilities en route.

Non members welcome - £4 each for the walk
(Membership is £17.50 per year, includes talks, newsletters)
